3.　Description of my program control instructions

Z/X: switch the model

T/ S/ R: switch to translation mode, scale mode, rotation mode

Figure: Translation mode　scale mode　　　　　rotation mode

L: switch between directional/point/spot light screen shot in Figure 2,3,4

K: switch to light editing mode to edit light position

Directional mode   point light mode   spot light mode

J: switch to shininess editing mode: shininess 調到 100 多仍沒有顯著變化
